Hi:

I am sorry to miss tomorrow's conference call with Regions 3 and 8. As I mentioned,

Ex. 6 - Personal Privacy

Ex. 6 - Personal Privacy will be back in the office on Thursday.

In terms of Dimock, Tim Sullivan and Karin and Bern should know where things stand, but I thought I would give you a few updates as well.

Under separate cover, I have sent you the most recent email update from Region 3 and the comments we sent them on

Ex. 5 - Deliberative

Region 3 is now providing water to four households. They have also started sampling.

Cabot declined the opportunity to provide the water, **Ex. 5 - Deliberative**

Both Cabot and PA DEP would like to collect samples with EPA and did so today. Some of the residents are refusing to allow split samples. It is unclear what will happen at those homes at sampling time.

Things were moving so fast last week that we did not create any new briefing sheets.

Thanks again for covering tomorrow.

Anne
